**Registration begins June 15th**

Bing Crosby (May 3, 1903-October 14, 1977) was, without doubt, the most popular and influential multi-media star of the first half of the 20th century. For more than three decades, through radio, film, television and records, he reigned supreme. Explore the life and legend of this iconic entertainer through never-before-seen footage and interviews with his immediate family, song writers and Tony Bennett. Narrated by Stanley Tucci, this documentary reveals a man far more complex than his public persona. Running Time: 90 Minutes.

**Inside Einstein's Mind**  
**Thursday, August 25th at 6:30**  
**Registration begins August 1st.**

On November 25th, 1915, Einstein published his greatest work: general relativity. The theory transformed our understanding of nature's laws and the entire history of the cosmos, reaching back to the origin of time itself. Now, in celebration of the 100th anniversary of Einstein's achievement, NOVA tells the inside story of Einstein's masterpiece. The story begins with the intuitive thought experiments that set Einstein off on his quest and traces the revolution in cosmology that is still playing out in today's labs and observatories. Discover the simple but powerful ideas at the heart of relativity, illuminating the theory—and Einstein's brilliance—as never before. From the first spark of an idea to the discovery of the expanding universe, the Big Bang, black holes, and dark energy, NOVA uncovers the inspired insights and brilliant breakthroughs of "the perfect theory."
